

# Things to Do Today

Start your day with the INVOCATION  
(Watch, Listen OR Read it to yourself)

Today I invite the Divine Wisdom to fill my heart and my mind  
with light energy and intuitive power.

I am open to miracles. I am ready to follow the Angelic  
Guidance. Whatever comes my way is a blessing.

I am open to receive it.

I will pay attention. I will clear my mind and my body of old  
karmic energy, limiting beliefs, worries, and fears.

I am connected to my Higher Self, Angels, and Spirit Teachers. I  
am a channel of powerful psychic insights and visions.

I am protected and energized by the Divine Grace of my Spirit.

Amen

## CREATE vs COMPETE

The nature of the Universe is CREATIVITY. It is always creating, expanding and changing. Competition is the opposite of creativity. To compete is to force things into being. To create is to allow things into being. Nothing in nature forces things into being. The process of creation changes your body from embryo to baby to child, to adolescent, to mature adult. A baby doesn't resist the process of creation, does she? Non-resistance ALLOWS her to grow into a child. Competition brings resistance, stress, and suffering. Other people's successes can inspire you! However, you are in the creative process of YOUR OWN. You are manifesting YOUR OWN unlimited prosperity. Remember, the UNIVERSE REWARDS CREATIVITY. Perhaps you've seen many people who won on a plane of competition. Their success is like building a castle in the sand. It's temporary and often unsatisfactory. The riches that come from the creative plane bring the best of your unique talents, and abilities. You will create many channels for your abundance to come without resistance and suffering.
